Fernwood brand guide

Version 2 · October 2026

Calm software, made together. This guide covers our mark, our colors and how we sound, so everything we make feels like it came from the same place.

Fern leads. Amber is for moments worth celebrating: a launch, a milestone, a first message. Use it sparingly so it keeps meaning something.

How we sound

Calm. We never shout. One exclamation mark per launch, at most.
Clear. Short sentences. Say what happens, then why.
Kind. Write like you're talking to someone you like.
